2:00 – 3:00	Presentation by the Tri-County Branch of IDA Working with those who work with students on literacy & offering support, materials, and resources

The So CA Tri-Counties Branch of the International Dyslexia Association endeavors to bring researchers and relevant literacy topics to the public and to share information regarding literacy, including dyslexia, via media, personal contact, and events focused on literacy. We envision building a community that facilitates literacy success through appropriate recognition, understanding, and strategy implementation. Our targets include educators, parents, individuals with dyslexia, and those sharing their lives. We believe that all individuals have the right to achieve their potential; individual learning abilities can be strengthened; and social, educational and cultural barriers to language acquisition and use must be removed.

The So CA Tri-Counties Branch of IDA – supports literacy efforts in Orange, Riverside, and San Bernardino Counties. We offer an annual conference, free monthly webinars, and more.
